

Defending Your Home

Proactively Dealing with the Threat of a Home Invasion

COURSE OVERVIEW

We will address the dangers and dynamics of a home invasion and introduce you to various strategies for preparing your home and your family. Skillful methods for “hardening the target” will be presented. **Note:** this is not a firearms training course but firearms will be discussed. We welcome CCW holders but firearms will not be handled in class for obvious safety reasons.

TOPICS – We will address the following subjects in detail:

- The Growing Problem – What to Do
- Mental Preparation and Assessment
- Your “Warrior Within” and Mindset
- Hardening the Target
- Preparation and Avoidance
